

This feral swine distribution map was prepared from data independently compiled by state and territorial fish and wildlife management agencies, agriculture agencies, and universities of the United States in cooperation with the Southeastern Cooperative Wildlife Disease Study, College of Veterinary Medicine, University of Georgia. Support for this project was through Cooperative Agreement Numbers 11-9113-1156-CA and 13-9613-0032-CA, Veterinary Services, Animal and Plant Health Inspection Service, U.S. Department of Agriculture.

Feral/Wild Swine Populations 2013 North Carolina
