

Fishing Access

Access Types:	Any Type
Area:	Lake / Pond
Species:	Striped bass
Water Type:	Any Water Type
Community Fishing Program (CFP):	Preference Not Specified
Tackle Loaner Program (TLP):	Preference Not Specified
Date:	April 25, 2024

**North Carolina Wildlife Resources Commission
Inland Fisheries Division**

1721 Mail Service Center Raleigh, N.C. 27699-1721
Telephone (919) 707-0220

Public access areas are listed by county and water body with the following information:

- Site name and the entity that owns or maintains the site;
- Address and/or GPS coordinates for the site;
- And more information, including universally accessible amenities (if applicable), loaner tackle (if applicable), type of access (boat ramp, canoe access, fishing pier, or bank access), and fishery present.

Types of public access areas listed in this document include:

- Public Fishing Areas developed by the Wildlife Resources Commission through partnerships with local municipalities, state and federal agencies, and private landowners;
- Boating Access Areas managed by the Wildlife Resources Commission;
- And other public access areas owned and/or maintained by entities other than the Wildlife Resources Commission. These sites are operated by other state or federal agencies, county governments, municipalities, power companies, or local nongovernment organizations. While every effort is made to provide accurate and up to-date information, the conditions and accessibility of these areas are subject to change. Please contact the listed sponsor for additional information.

While some areas include a small maintenance fee, as noted under "more information," the sites listed do not include for-profit entities, such as marinas.

Some public access areas are located on private lands. Fishing is allowed at these areas because individual landowners and local organizations have generously provided access to the public for fishing. Show your appreciation for these opportunities by removing your trash, parking within designated parking areas, and being respectful of their property. Failure to do so could result in the closure of these access areas in the future.

For the latest freshwater fishing regulations, including seasons, size limits and daily harvest limits, refer to the current North Carolina Inland Fishing, Hunting and Trapping Regulations Digest or visit ncwildlife.org. For the latest saltwater fishing regulations, visit the N.C. Division of Marine Fisheries website, portal.ncdenr.org/web/mf/recreational-fishing-size-andbaglimits.

Commission Public Fishing Areas and Boating Access Areas are supported by the Federal Aid in Sport Fish Restoration Program, which utilizes state fishing license money and federal grant funds derived from federal excise taxes on fishing equipment and motorboat fuels.
